Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-nj-001	Course name: German Language for PhD. Candidates 1
Type, extent and method of instruction: Form of instruction: Seminar Course type: C (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 3	
Recommended semester/trimester: 1., 3.	
Level: III.	
Prerequisites:	
Course completion conditions: The student has the right to one regular and one remedial term for the written test and/or oral examination. The assessment is carried out according to a grading scale: A (100-94%), B (93-87%), C (86- 80 %), D (79 - 73 %), E (72 - 65 %). The student must have the course registered in AIS for the relevant period. a) continuous assessment: preparation for seminars - completion of assigned tasks, active participation in seminars (0-40 points) b) final assessment: final test and/or oral examination (0-60 points)	
Learning objectives: 1. The student expand the language and communication competences (reading comprehension, listening comprehension, oral expression, written expression) at a A2-B1 level; 2. The student will be able to communicate in everyday situations at a A2-B1 level; 3. The student consolidate previously acquired and gain new knowledge of grammar, which can be used correctly in oral and written expression; 4. The student will gain knowledge about German-speaking countries, including knowledge about communication and socio-cultural standards in these countries.	
Brief outline of the course: 1. Presentation, introductions, greetings 2. In a shop 3. In a bank 3. At the doctor. 4. At the theatre, cinema and exhibition 5. At the university and in the library 6. Travelling in German-speaking countries 7. Standards in intercultural communication in the context of German-speaking countries - working with authentic texts.	
Recommended literature: 1. NEKOVÁŘOVÁ, A. – FLIEGLER, D. Alltagssprache Deutsch. Plzeň: Fraus, 2003. 311 s.	
Language of instruction: German, Slovak	
Notes:student time load: Student's time workload: 90 hrs. Combined studies (lectures, seminars, tutorials): 26 hrs.	

Self-study (continuous preparation for seminars): 26 hrs.
Preparation for the final test: 38 hrs.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sde-106	Course name: Heuristic and Interpretation of the Slovak History Sources
Type, extent and method of instruction: Form of instruction: Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 2., 4.	
Level: III.	
Prerequisites:	
Course completion conditions: During the semester, students will perform the background research of archival resources on the subject of their dissertation. They will critically evaluate the relevance of the source basis concerning the subject of the dissertation in the form of a summary. After that, in the form of a continuously assessed work (an article, or rather a study) they will prove the ability to interpret and synthesise historical facts in a meaningful historical overview. Credits will be assigned to the student who acquires a minimum of 65 points out of a possible 100. The course assessment corresponds to the A-FX grading scale: A (100 – 94%), B (93 – 87%), C (86 – 80%), D (79 – 73%), E (72 – 65%). Credits are assigned to the student who acquires a minimum of 65 points out of a possible 100.	
a) continuous assessment: 1. Written background research of archival resources on the subject of the dissertation: 25 pts 2. Critical evaluation of the relevance of source basis in the form of continuously assessed work: 25 pts 3. Prove the ability to interpret and so discover new historical facts: 25 pts 4. Synthesise the facts of history in the form of continuously assessed work: 25 pts Total amount of points: 100 pts	
Learning objectives: Students: 1. Will gain knowledge about the extent of the source basis regarding the subject of their dissertation 2. Will prove their ability to select the facts of history and to document relevant data to the subject of their dissertation 3. Will create their own continuously assessed work that will prove their ability to interpret and synthesise the historical view	
Brief outline of the course: 1. Performing of background research of archival resources 2. Evaluation of the relevance of source basis 3. Presentation of continuously assessed work

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sde-102	Course name: Historical Geography and Demography for Historians
Type, extent and method of instruction: Form of instruction: Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 5	
Recommended semester/trimester: 2.	
Level: III.	
Prerequisites:	
Course completion conditions: Active participation in lessons and consultations. Continuous processing and studying of lectured issues. Writing a seminar paper on the subject of possibilities for using historical geography and demography when writing one's own dissertation, with a presentation of the source basis, research methods and methodical procedures. The evaluation is the arithmetic mean of the continuous and final assessment. The credits are assigned to the student who acquires a minimum of 65 points. The students have the right to one resit. The course assessment corresponds to the A-FX grading scale: A (100 – 94%), B (93 – 87%), C (86 – 80%), D (79 – 73%), E (72 – 65%). The credits are assigned to the student who acquires a minimum of 65 points out of a possible 100. a) continuous assessment: Active participation in contact lessons and the continuous processing of given assignments according to the lecture topics: 20 points b) final assessment: Writing the seminar paper: 80 points	
Learning objectives: Students are familiar with the basic terminology, basic literature and theoretical foundations (methods and methodical procedures) of both disciplines. They know the most important principles of reconstructing historical maps. They are familiar with the demographic indicators (basic, partial, relative).	
Brief outline of the course: The research focus and status of the disciplines in the system of sciences. Terminology. Basic literature. Sources of historical-geographical research (material, written, cartographic). Sources of historical-demographic research (within paleodemography, pre-statistical period, proto-statistical period and statistical period). Research methods of both disciplines.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sde-101	Course name: Methodology and Methods of Historical Science 1
Type, extent and method of instruction: Form of instruction: Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 2.	
Level: III.	
Prerequisites:	
Course completion conditions: During the semester, the doctoral student creates a paper addressing one of the topics offered by the instructor, writes a final seminar paper dealing with a methodological analysis of a specialised historical text related to their dissertation topic, and presents their during a colloquium. Credits will not be awarded to a student who scores less than 65 points. The grading scale: A (100–94%), B (93–87%), C (86–80%), D (79–73%), E (72–65%). Credits are assigned to the student who acquires the minimum of 65 points out of the possible 100 for completing the given requirements.	
a) continuous assessment: a) continuous assessment: 1. Active preparation and participation in seminars: 0–30 p. 2. Paper and its presentation delivered during the seminar: 0–30 p. 3. Final seminar paper and its presentation delivered during the seminar: 0–40 p. Total: 0–100 p.	
Learning objectives: 1. The student masters all basic research techniques and methods relevant for historical disciplines with the emphasis on the national specificities of historical research and interpretation of social changes in the past 2. they understand the difference between direct and indirect methods in historical research and can use both 3. is prepared to interpret the past facts and create historical facts 4. can analyse which historical contexts are relevant vs. irrelevant 5. can use research methods to find new important interactive systemic connections.	
Brief outline of the course: 1. What is history? What is a historian's role? "History about itself" vs. "history for us" (historism, historicism, presentism). Facts of the past and historical facts. Objectiveness and subjectiveness in a historical image. Unity vs. contradiction between the past and the present – their mutual interaction. De-ideologisation of history as a problem. 2. Causality in history (accident vs. necessity) and reconstruction of causal contexts in historical examples. 3. Methods and techniques of historian's work – direct and indirect working methods.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sde-104	Course name: Methodology and Methods of Historical Science 2
Type, extent and method of instruction: Form of instruction: Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 3.	
Level: III.	
Prerequisites:	
Course completion conditions: In the course of a semester a doctoral student will prepare for seminars, write a paper on a given topic to be presented at a seminar in an oral discussion-based form and write the final seminar paper. The course assessment corresponds to the A-FX grading scale: A (100 – 94%), B (93 – 87%), C (86 – 80%), D (79 – 73%), E (72 – 65%). Credits are assigned to the student who acquires a minimum of 65 points out of a possible 100. a) continuous assessment: In the course of a semester the assessment will be done continuously in the following form: a doctoral student will acquire for the preparation of seminars and activities during them maximally 30 points; the writing and presentation of a paper at a seminar with the maximum possible points of 30 will also be assessed; for the writing of a final seminar paper to the application of new methodological procedures on his/her topic maximally 40 points will be acquired. b) final assessment: Represents 40% of the overall assessment – it will have the form of a written defence of the final seminar paper	
Learning objectives: The doctoral student will: <ol style="list-style-type: none"> 1. Deeply familiarize himself/herself with the new methodological trends in contemporary historiography inspirationally influenced first of all by social psychology, social philosophy and ethnology 2. Learn terms used in contemporary social science to become more precisely and deeply familiarized with social processes (including historical) – identity, memory, symbol, myth, picture (autopicture, heteropicture), stereotype 3. Be able to work with these terms when analysing, comprising and generalising historical phenomena in general 4. Be able to use these terms in the sphere that thematically relates to his/her Dissertation Work 5. Be able to identify relevant problems and specifics of the topic 	
Brief outline of the course: So-called applied methodology. Inspirational impulses for history from other social sciences. Fundamental terms of contemporary social sciences. Methodological shifts in Slovak historiography. Usage of the term “identity” and its mobilization factors. Structure of the historical	

memory and historical awareness. Symbolical phenomena and identity. Image and stereotype. Scientific and mythical elements in culture. Phenomenon of public space, celebrations as tools of common experiences and support of identities.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sfi-001	Course name: Philosophy and Methodology of Social Sciences and Humanities
Type, extent and method of instruction: Form of instruction: Lecture Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 5	
Recommended semester/trimester: 1.	
Level: III.	
Prerequisites:	
Course completion conditions: The maximum number of points is 100. Credits are assigned to students who acquire a minimum of 65 points out of a possible 100. a) preliminary assessment: Test regarding topic: Possibilities of philosophy in relation to science: 0-10 points Test regarding topic: Unity of science and nature of facts in social science and humanities 0-10 points Test regarding topic: Naturalism vs. Anti-naturalism: 0-10 points Test regarding topic: Varieties of explanation: 0-10 points b) final assessment: Final essay where the students apply the discussed issues for their own research for the dissertation: 0-60 points	
Learning objectives: Students: 1. Will be able to identify relevant issues of philosophy and methodology of social sciences and humanities. 2. Will understand the basic solutions of the relationship between philosophy and special sciences. 3. Will be able to critically analyse and compare the possibilities and limits of thematic concept. 4. Will apply the gained concepts in philosophy and methodology of science when writing their own dissertation. 5. Will become familiar with the authors significance in contemporary discussions about methodology of social sciences and humanities.	
Brief outline of the course: Recurring problems of unity of sciences, classification of sciences and “war of the sciences”. Overcoming the fragmentizing and proliferation of social knowledge and humanities. Possibilities and limits of philosophy with regard to social knowledge (meta-ideology, meta-physics, methodology). Epistemological shifts in the bases of social sciences in the 20th century – analysis (logical turn, linguistic turn, historical-cultural turn, cognitive turn). Action as a priori of social sciences and humanities. Basic theories of action, difference between agency and behaviour. Basic concepts – intentionality, power, rule, human nature, culture. Naturalism vs. Anti-naturalism,	

realism and constructivism. Holism vs. Individualism. Main protagonists and key solutions. Nature of social fact, institutional vs. "brute" facts. Individual and general facts. Explanation and understanding. The history of this conflict and its contemporary forms. Interpretativism as a methodological programme. Aims of social sciences. Issue of rationality and social criticism.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Arts	
Code: 3d-sde-103	Course name: Slovak and European Historiography
Type, extent and method of instruction: Form of instruction: Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 2.	
Level: III.	
Prerequisites:	
Course completion conditions: 1. During the semester the student actively attends the seminar courses at which he/she analyzes the technical texts chosen by the teacher. 2. No later than at the fifth seminar the student chooses the topic of the seminar paper in which he/she in the form of a debate brings near the methodological and methodical approaches in Slovak and European historiography applied during the acquaintance of the topics close to the issues in the prepared dissertation thesis. The student submits the thesis to the teacher no later than at the eleventh seminar. The teacher makes an appraisal of each submitted seminar thesis. 3. The two final seminars will be carried out in colloquial form. The student introduces his/her seminar thesis and defends it in the critical discussion with the teachers and present students. The overall assessment corresponds to the standard grading scale: A (100 – 94 %), B (93 – 87 %), C (86 – 80 %), D (79 – 73 %), E (72 – 65 %). Credits are assigned to the student who acquires a minimum of 65 points out of possible 100. a) continuous assessment: 1. active participation at the seminar lessons (0 – 40 points) 2. preparing of thesis/written discussion on the possible topics for the applications of some of the chosen methodological approaches of the current historiography in the prepared dissertation thesis/ (0 – 40 points) 3. presentation and defence of the seminar paper (0 – 20 points) b) final assessment: Only continuous assessment	
Learning objectives: After completing the course, the student will: 1. Acquire knowledge about the modern methodological and methodical approaches in the European and Anglo-Saxon historiography, considering their reflection in Slovak historiography 2. Be able to distinguish modern historical approaches in the current historiography 3. Be able to evaluate the possibility of the practical application of the presented methodological and methodical approaches in the field of the historical research itself 4. Be prepared to use the presented historical approaches in the dissertation thesis	
Brief outline of the course: 1. Modern trends of European and Anglo-Saxon historiography:	

Annales school, interdisciplinarity and multidisciplinary of historical research, “Nouvelle histoire”- heritage of the Annales school, structuralism and history, historical anthropology and cultural history. Social history and research of historical memory, Post-modern approaches: historical explanation and narration.

2. Development of Slovak historiography in the 20th century in the context of European historiography. Marxist positivism and nationalism and the elements of the anthropological approach. Conversions of Slovak historiography after 1989 (methodological, thematic, personal, institutional, genre-oriented).

University: Matej Bel University in Banská Bystrica			
Faculty: Faculty of Arts			
Code: 3d-sde-003		Course name: Study Mobility Abroad	
Type, extent and method of instruction:			
Form of instruction:			
Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses)			
Recommended number of periods:			
Method of study: combined			
Number of credits: 5			
Recommended semester/trimester: 2., 4.			
Level: III.			
Prerequisites:			
Course completion conditions:			
The students submits a confirmation of having completed a study mobility at a university abroad.			
a) continuous assessment:			
In accordance with the instructions specified by the receiving university.			
b) final assessment:			
Based on the documents provided by the receiving university.			
Learning objectives:			
The student gets acquainted with the research methods and procedures used abroad. They also learn about the available research into the subject matter (related to their DT) abroad.			
Brief outline of the course:			
The student completes a one-semester study mobility abroad. During the mobility, they enrol in II or III degree course(s) offered by the receiving university corresponding with the focus of their dissertation thesis. The student completes partial research assignments and consults them with the experts from the receiving university.			
Recommended literature:			
Language of instruction:			
Slovak, English or language of the respective country			
Notes:student time load:			
Student time load: 150 h. Combined study (lectures/seminars/consultations): 30 hours. Self-study: 115 h. Updating information, working with the legislation: 3 h. Preparation and filling in of forms: 2 h.
