Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-MTB	Course name: Contemporary Technologies and Security
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 3.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: - Formative activities - these are activities such as interactive discussions or low-stake reflective assignments that provide ongoing feedback. - Participation in formative activities is a mandatory prerequisite for admission to the final examination. Formative activities do not contribute points to the final grade for the course. The format of formative activities will be announced in moodle at the beginning of the semester. Format subject to change Grading is the same for both full-time and part-time b) final assessment: • Academic essay (2500 words; 100 points) There will be several essay topics to choose from. The essay is submitted electronically via moodle in an anonymized form. The first page of the essay consists of the cover sheet. Marking criteria for essays will be published at the beginning of the semester in moodle. The language of the essay is English or Slovak. For every 100 words above the set limit of 2500 words, a penalty of 5 points will be applied. If a student submits an essay within 24 hours after the deadline, a penalty of 10 points from will be applied. If a student submits an essay more than 24 hours after the deadline, the final mark will be equal to zero. In case of serious unpredictable personal events (hospitalisation, family member's funeral, etc.) or force majeure that would prevent the submission of the essay, the student may fill out the Mitigating Circumstances Form, a link to the form will be available in moodle. Such a request may be approved or rejected. The assessment is the same for both full-time and part-time form of studies.	
Learning objectives: Students who complete the module will be able to: - demonstrate knowledge and understanding of: (i) theoretical and methodological approaches to technology in political science; (ii) technological security challenges; (iii) key literature on technology, security and global politics in the social sciences. - demonstrate intellectual and transferable skills:	

(i) critically address a wide range of concepts and ideas relevant to technology and security; (ii) exercise informed and independent critical judgment; (iii) formulate their own scientific arguments; (iv) communicate effectively and professionally in the context of technology and security issues.

Brief outline of the course:

- Ontological issues of security and technology
- Shape and be shaped
- Accidents and Fragility
- Innovation and adaptation
- Cyberspace and its core
- Artificial Intelligence
- Digital media
- The "Gartner view" - technologies of the future
- The twilight of the Anthropocene

—Selected students will have the opportunity to participate directly in research projects run by UMB Data and Society Lab.

—Subject to change.

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-PCJ1AJ	Course name: First Foreign Language I. – English
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 1.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: none b) final assessment: active participation: 20 points, 2 seminar works: 40 points Final written test: 40 points	
Learning objectives: In this subject, students will acquire key relevant terminology and communication competences in the field of international relations, political science and security studies. In this way, they are able to apply specific lexical and syntactic links in model communication situations in the context of interdisciplinary interdisciplinary union interconnection: international relations, political science and security studies, and foreign, i.e. the English language. This process will ensure that they acquire, but above all create their own argumentation apparatus in English, which is later completed within the specialization of students in the given field.	
Brief outline of the course: Specific forms and structures of the language of international relations in English I. Specific forms and structures of the language of international relations in English language II. Pressure forms of diplomacy I. Coercive forms of diplomacy II. Mediation as a form of diplomacy I. Mediation as a form of diplomacy II

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-PCJ3FJ	Course name: First Foreign Language III. – French
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 3.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Full-time form of study: Active and regular participation in seminars (20b) Minimum success rate 65% on continuous tests and assignments (50b) b) final assessment: Full-time form of study: Elaboration of Compte-Rendu (20p). External form: Final test (100 points)	
Learning objectives: The student acquires knowledge and language skills in French terminology in the field of diplomacy. The student learns French terminology related to the issue of bilateral and multilateral diplomatic relations. The student subsequently consolidates the acquired language knowledge and skills by applying them in selected communication exercises. Within the course, the student clarifies and consolidates professional language components in the written form of the language through selected professional texts from diplomacy. The student learns methods of working with the written component of the language. He is able to summarize the key information of the source text into a new structured text that meets the formal and content criteria of the French language, “compte-rendu“. At the end of the course, the student is able to apply the acquired language knowledge and skills in specific situations related to the daily life of diplomats. Achieved language level B2 - C1.	
Brief outline of the course: 1. Diplomatie et politique extérieure - notion et distinction. 2. Contenu et structure du compte-rendu. 3. Convention de Vienne sur les relations diplomatiques 4. Connecteurs logiques et structures syntaxiques 5. Ambassadeur et Ambassadeur de France – expressions et leurs applications. 6. Inviolabilités et Immunités diplomatiques. 7. Correspondance diplomatique et ses formes. 8. Emploi des temps verbaux et adaptation du contenu lexical. 9. Apport et atouts de la diplomatie française.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-MEV	Course name: International Economic Relations
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 26 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 2.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Continuous submission of mandatory assignments within individual seminars during the semester. Fulfillment of this obligation is not evaluated by points, but proper fulfillment of this obligation is necessary for admission to the final exam. b) final assessment: Final exam - 70%	
Learning objectives: Students will deal with theories and concepts of international economic relations between states and non-state actors. The study of the subject is based on the understanding of interactions and changes using an integrated way of looking at international politics and economics. The student will understand the basic theories in the field of international political economy and will understand the functioning of the mechanisms that govern international trade and the financial system. In addition, the student will be able to critically evaluate current trends related to economic integration, globalization and sustainable development support.	
Brief outline of the course: 1. Theoretical basis of international political economy - mercantilism, liberalism, neo-Marxism 2. Functioning of the international trading system 3. Global financial and monetary system 4. Integration and regionalism 5. Challenges and transformations of globalization in the 21st century 6. Sustainable development ; Two lectures and two seminars will take place within each topic.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-TMV	Course name: International Relations Theories
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 0 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 1.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Active participation on lectures - 10 points b) final assessment: Final exam - 90 points	
Learning objectives: Students will get acquainted with the most important theories of international relations, stages of their development and their representatives. They will gain knowledge about proto-theories and ideological predecessors of today's theoretical directions through classical theories to theoretical concepts of current international relations. The aim of the course is for students to be able to identify the key features of individual theories, to be able to compare them, critical approach and application of theoretical opinion in the analysis of specific problems of international practice.	
Brief outline of the course: Introduction to the study of international relations; Clarification of the meaning, functions of theoretical thinking; The birth of international relations as an academic discipline; Early idealism and cooperation in international relations; The first big debate: a realistic critique of idealism; Classical realism and war in international relations; The second big debate: approaches to the study of international relations; The third big debate between paradigms: liberalism - realism - Marxism; Dominance of neo-liberalism and neo-realism; Social constructivism, the role of norms, culture and identity in international relations; The fourth major debate: a clash over the metatheoretical assumptions of the study of international relations between positivists and postpositivists; Alternative theories of MV - feminism, green theory.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-ZPO	Course name: Master Degree Thesis
Type, extent and method of instruction: Form of instruction: Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: Method of study: combined	
Number of credits: 20	
Recommended semester/trimester:	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Elaboration of the working and final variant of the diploma thesis and, after assessment by the supervisor, its insertion into the academic information system. b) final assessment: Defense of the diploma thesis at the commission for state exams - 100%.	
Learning objectives: The master's degree student will use the acquired knowledge and skills in determining the subject and object, goals and methodology of research in the thesis. He / she is able to apply the proposed methodology in creating the text of the diploma thesis. On the basis of the obtained data, he will prepare a diploma thesis in accordance with the existing national and intra-university legal norms and rules. He / she is able to prepare and present his / her final work through an electronic presentation. It adequately responds to the comments of opponents and defends the thesis at the commission for state exams.	
Brief outline of the course: Selection and determination of the diploma thesis topic. Selection and study of scientific literature. Determination of research working methods, definition of subject, goal, diploma thesis. Data collection and evaluation. Determination and approval of the content structure of the diploma thesis. Creation of the text of the diploma thesis, continuous and final assessment of the diploma thesis. Inserting a diploma thesis into the academic information system. Study of training and opponent reviews. Preparation of electronic presentation. Defense of the diploma thesis before the commission for state exams.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-PKPM	Course name: Political Communication and Political Marketing
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 26 Method of study: combined	
Number of credits: 5	
Recommended semester/trimester: 1.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Participation in the seminars: presentation of case study (project work, public presentation) – 30 points. The attendance in seminars hours is mandatory (basic requirement for passing the course). b) final assessment: Final written examination (test) – open questions – 70 points (plus the case study and the attendance in course: 100 points)	
Learning objectives: Knowledge: Student acquires basic information in regard to political communication and political marketing in order that he is able to interpret and research connections with all ambits of this scientific discipline. Student is able to research and select the relevant scientific literature of this course. Competences: In this regard student is able to apply his knowledge in case of selected topics analysis and to evaluate the adequate resources and quality of research. At the base of acquired knowledge in lectures and seminars student develops general competences analytically and critically to research the topics of political communication and political marketing, mainly through practical and empirical analyses of case studies (selected countries, leaders, political parties, media). Skills: as a result of the work with scientific literature on political communication and the application of acquired knowledge and competences, the student is able to develop his rhetorical skills in the presentation of main results of his own analysis and to work in a team (the presentations of the results of selected research problems in the seminars are realized in group).	
Brief outline of the course: - The ambit of political communication - The history of political communication - The interaction models and effects between politics and mass media - Language, rituals and symbols of politics - Public relations and propaganda - Political communication in electoral period: political and electoral marketing - Strategies of political and electoral marketing (the concept of political market) - Classic concepts of political marketing - Political parties and implementation of political marketing - Strategies and instruments of political and electoral marketing - Negative and permanent campaign - Video-politics and pop-politics - The topics of the seminars and ppt. presentations change annually (according to the current issues in this discipline).

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-REG	Course name: Regional Studies
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 0 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 1.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: seminar work: 30 points b) final assessment: oral examination: 70 points	
Learning objectives: The student remembers the basic concepts, basic theoretical background and approaches to the study of regional development and regional policy and understands their mutual causal relationships. The student will master the basic terminology apparatus and is able to use it effectively in professional communication. The student evaluates selected approaches to the implementation of regional policy of selected member states of the European Union. At the same time, the student will learn the basic starting points of the currently most significantly applied approaches in the field of regional development support. The student evaluates the effectiveness of selected approaches to regional development applied in selected spatial units of the European Union and on this basis is able to identify and define the basic factors affecting the success or failure of individual strategies to support regional development. The student applies the acquired knowledge in the process of realization of independent creative activity focused on elaboration of own project proposal or strategy of regional development within the selected region of Slovakia. The student is able to use the latest knowledge in the researched issues and is able to understand current developments in regional policy. Based on the acquired theoretical knowledge, he is also able to objectively evaluate them and apply them to model examples in the context of promising use within individual regions.	
Brief outline of the course: 1. Basic principles of regional development and regional policy 2. Basic theoretical approaches to regional development 3. Basic determinants influencing the emergence and formation of the model of economic and social cohesion within the European Union 4. Objectives and instruments of the European Union's regional policy 5. Current approaches to regional development and regional policy and their reflection in the regional policy concepts of European countries 6. Regional development and regional policy of the Slovak Republic in the transformation stage 7. Current approaches to regional development and regional policy in Slovakia	

8. National Strategic Reference Framework of the Slovak Republic and main development priorities
9. Staging of the development of regional policy in the EU and Slovakia
10. Advent of knowledge-oriented society and economy
11. Paradigm shift in regional policy
12. Regional development through regional clusters
13. Venture capital as a tool for regional development

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2d-vdsl-02	Course name: The Great Works in World Literature II
Type, extent and method of instruction: Form of instruction: Lecture Course type: C (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 Method of study: combined	
Number of credits: 3	
Recommended semester/trimester: 2., 4.	
Level: II.	
Prerequisites:	
Course completion conditions: The student prepares an essay in which he/she takes a position on the issue discussed. The final assessment is passed/failed.	
Learning objectives: 1. The student will obtain an adequate overview of the origin and functioning of selected representative literary works from several civilizational and cultural areas from medieval literature to contemporary literature; will improve in professional terminology. 2. The student will acquire the specific interpretation skills necessary when working with a literary text anchored in a radically different cultural environment, thereby strengthening tolerance towards cultural differences and the will to respect the right to be different. 3. The student is able to conduct research on the assigned topic, can identify reliable sources, select relevant information from them and present it to others in a clear and useful form. 4. The student will acquire an organized sum of knowledge and a more widely applicable set of useful habits, methods, approaches, competences applicable in the interpretation of literary and non-literary texts or other cultural phenomena from various cultural periods.	
Brief outline of the course: Some of the greatest works of the European literature from the Middle Ages to the present day will be presented. It will be a selective selection of the presentation of literary worlds and the values they created. The Divine Comedy as the main work of the Middle Ages or the Renaissance? The Middle Ages as the "cradle" of European culture and education. Testaments enfant terrible. The spiciness of the Decameron and Laura's ephemerality. From Shakespeare to French classical drama. Playwrights and their (non)dramatic characters. Fairy tales that changed the world. Shock the bourgeois! Avant-gardes in world art. Literature as a place for women. On Freedom, Being and Apricot Cocktails: Existentialism in World Literature. Crazy for Life: The Beat Generation and Their Followers. Great works in small publishers.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-TEB	Course name: Transatlantic and European Security - NATO and the EU
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 3.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Essay on selected topic and its presentation in powerpoint: 30 points Activity at seminars: 20 points The assessment is the same for both full-time and part-time form of studies. b) final assessment: Oral Exam 50 points The assessment is the same for both full-time and part-time form of studies.	
Learning objectives: The student remembers the historical development of transatlantic and European security, understands the basic concepts, strategic documents, actors, international organizations (EU, NATO, OSCE), policies and cooperation mechanisms. After completing the course, he is able to analyze and evaluate the transatlantic and European security situation, the security policy of the US and European states and assess the severity of potential threats. The graduate reaches the level of professional competence to use the knowledge of strategic documents and typical characteristics of selected countries for a possible prediction of future behavior of states.	
Brief outline of the course: <ul style="list-style-type: none"> • Post-war development in Europe, European political cooperation to the Maastricht Treaty • Common Foreign and Security Policy (CFSP) actors and instruments and the Lisbon Treaty • Forming the Common Security and Defense Policy (CSDP) • Security strategies of the EU, USA and selected countries • EU operations and missions • The importance and activities of the European Defence Agency (EDA) • Development, position, structure and activities of NATO - cooperation with the EU • Development, position, structure and activities of the OSCE and other security organizations • The position of neutral states in Europe • European radicalism and extremism • Problems of energy and environmental security • Fight against terrorism in Europe and the USA 	

- Cyber security and hybrid threats
- subject to change
