Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-MPTM	Course name: Contemporary Political Theories and Methods
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 0 Method of study: combined	
Number of credits: 5	
Recommended semester/trimester: 4.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: FULL-TIME STUDY: Midterm test - 50 points, min. 26 points (50%) b) final assessment: FULL TIME STUDY: Oral or written exam - 50 points, min. 26 points (50%) PART TIME STUDY: Oral exam or written - 100 points, min. 65 points (100%)	
Learning objectives: By completing this subject the student is able to synthetically apply theoretical and methodological approaches of the theory of politics on social realities. The subject focuses especially on general issues of modern theories of politics and international relations with an emphasis on the 20th and 21st century and their direct application in the field of politics, for modelling political processes and relations. Substance of the course is also to highlight the change in direction of political science from normatively orientated, which dominated until the beginning of the 20th century. Modern political science takes place in the field of empirical theoretical approaches.	
Brief outline of the course: 1. Theoretical approaches in modern political science 2. Power – relation between political power and political influence 3. Behaviorism 4. Theory of rational choice 5. Structural – functional analysis 6. Systems theory in political science 7. Traditional and modern institutionalism 8. Normative theory and theory of interpretation 9. Liberalism in international relations 10. Theory of realism in international relations 11. Institutionalism in international relations

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-MTB	Course name: Contemporary Technologies and Security
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: B (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 6	
Recommended semester/trimester: 3.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: - Formative activities - these are activities such as interactive discussions or low-stake reflective assignments that provide ongoing feedback. - Participation in formative activities is a mandatory prerequisite for admission to the final examination. Formative activities do not contribute points to the final grade for the course. The format of formative activities will be announced in moodle at the beginning of the semester. Format subject to change Grading is the same for both full-time and part-time b) final assessment: • Academic essay (2500 words; 100 points) There will be several essay topics to choose from. The essay is submitted electronically via moodle in an anonymized form. The first page of the essay consists of the cover sheet. Marking criteria for essays will be published at the beginning of the semester in moodle. The language of the essay is English or Slovak. For every 100 words above the set limit of 2500 words, a penalty of 5 points will be applied. If a student submits an essay within 24 hours after the deadline, a penalty of 10 points from will be applied. If a student submits an essay more than 24 hours after the deadline, the final mark will be equal to zero. In case of serious unpredictable personal events (hospitalisation, family member's funeral, etc.) or force majeure that would prevent the submission of the essay, the student may fill out the Mitigating Circumstances Form, a link to the form will be available in moodle. Such a request may be approved or rejected. The assessment is the same for both full-time and part-time form of studies.	
Learning objectives: Students who complete the module will be able to: - demonstrate knowledge and understanding of: (i) theoretical and methodological approaches to technology in political science; (ii) technological security challenges; (iii) key literature on technology, security and global politics in the social sciences. - demonstrate intellectual and transferable skills:	

(i) critically address a wide range of concepts and ideas relevant to technology and security; (ii) exercise informed and independent critical judgment; (iii) formulate their own scientific arguments; (iv) communicate effectively and professionally in the context of technology and security issues.

Brief outline of the course:

- Ontological issues of security and technology
- Shape and be shaped
- Accidents and Fragility
- Innovation and adaptation
- Cyberspace and its core
- Artificial Intelligence
- Digital media
- The "Gartner view" - technologies of the future
- The twilight of the Anthropocene

—Selected students will have the opportunity to participate directly in research projects run by UMB Data and Society Lab.

—Subject to change.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-PCJ3FJ	Course name: First Foreign Language III. – French
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 26 / 13 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 3.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Full-time form of study: Active and regular participation in seminars (20b) Minimum success rate 65% on continuous tests and assignments (50b) b) final assessment: Full-time form of study: Elaboration of Compte-Rendu (20p). External form: Final test (100 points)	
Learning objectives: The student acquires knowledge and language skills in French terminology in the field of diplomacy. The student learns French terminology related to the issue of bilateral and multilateral diplomatic relations. The student subsequently consolidates the acquired language knowledge and skills by applying them in selected communication exercises. Within the course, the student clarifies and consolidates professional language components in the written form of the language through selected professional texts from diplomacy. The student learns methods of working with the written component of the language. He is able to summarize the key information of the source text into a new structured text that meets the formal and content criteria of the French language, “compte-rendu“. At the end of the course, the student is able to apply the acquired language knowledge and skills in specific situations related to the daily life of diplomats. Achieved language level B2 - C1.	
Brief outline of the course: 1. Diplomatie et politique extérieure - notion et distinction. 2. Contenu et structure du compte-rendu. 3. Convention de Vienne sur les relations diplomatiques 4. Connecteurs logiques et structures syntaxiques 5. Ambassadeur et Ambassadeur de France – expressions et leurs applications. 6. Inviolabilités et Immunités diplomatiques. 7. Correspondance diplomatique et ses formes. 8. Emploi des temps verbaux et adaptation du contenu lexical. 9. Apport et atouts de la diplomatie française.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-PCJ4AJ	Course name: First Foreign Language IV. – English
Type, extent and method of instruction: Form of instruction: Lecture / Seminar Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: 13 / 0 Method of study: combined	
Number of credits: 4	
Recommended semester/trimester: 4.	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: attendance: 10 points b) final assessment: Final Complex Exam: 0 - 90 points	
Learning objectives: The main goal of teaching specialized language is, in addition to professional terminology in many areas, also to include an information base about other cultures with which they will be confronted in their practice. The condition for active use of the language is productive communication skills, which are used not only for communication but also for obtaining information. By completing this course, the student will deepen and expand their knowledge of the English language, acquire new specialized terminology and develop skills to communicate on a given specialized topic. Subsequently, student is able to comment on specialized topics in the field studied, apply the acquired knowledge and language skills in future practice.

Course Description

University: Matej Bel University in Banská Bystrica	
Faculty: Faculty of Political Science and International Relations	
Code: 2-ZPO	Course name: Master Degree Thesis
Type, extent and method of instruction: Form of instruction: Course type: A (A - Compulsory courses, B - Compulsory elective courses, C - Elective courses) Recommended number of periods: Method of study: combined	
Number of credits: 20	
Recommended semester/trimester:	
Level: II.	
Prerequisites:	
Course completion conditions: a) continuous assessment: Elaboration of the working and final variant of the diploma thesis and, after assessment by the supervisor, its insertion into the academic information system. b) final assessment: Defense of the diploma thesis at the commission for state exams - 100%.	
Learning objectives: The master's degree student will use the acquired knowledge and skills in determining the subject and object, goals and methodology of research in the thesis. He / she is able to apply the proposed methodology in creating the text of the diploma thesis. On the basis of the obtained data, he will prepare a diploma thesis in accordance with the existing national and intra-university legal norms and rules. He / she is able to prepare and present his / her final work through an electronic presentation. It adequately responds to the comments of opponents and defends the thesis at the commission for state exams.	
Brief outline of the course: Selection and determination of the diploma thesis topic. Selection and study of scientific literature. Determination of research working methods, definition of subject, goal, diploma thesis. Data collection and evaluation. Determination and approval of the content structure of the diploma thesis. Creation of the text of the diploma thesis, continuous and final assessment of the diploma thesis. Inserting a diploma thesis into the academic information system. Study of training and opponent reviews. Preparation of electronic presentation. Defense of the diploma thesis before the commission for state exams.
